

Clean Water Changes Lives

Treat yourself and change lives locally

Making a donation- even one as small as \$1- means our local earth month partner The Natural Resources Council of Maine can make a difference for local water.

Throughout the month, the Natural Resources Council of Maine (NRCM) and Salon Burke will celebrate Earth Month 2013 by raising funds to protect and restore water resources across the globe, including right here in Maine.

Join us in our efforts this April
and Round up the Change on
any purchase at Salon Burke!
