Saturday, Jan 25th, 10am-2pm

Falmouth High School Cafeteria · 74 Woodville Road

Join us for this *free* event on how to make your home more energy efficient *without* sacrificing comfort.

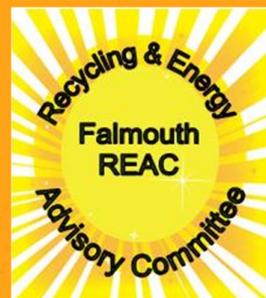

Connect with local heating professionals, energy auditors and others in the field of recycling and composting, who are eager to answer your questions.

Learn how to save money while reducing your impact on the planet.

Attend formal presentations including a blower door demonstration.

Meet members of the Recycling and Energy Advisory Committee, learn more about our mission and projects, and sign up for newsletters!

Enter to win prizes!

Give. We will be collecting non-perishable food/cash donations for the Falmouth Food Pantry. All gifts are welcome but not mandatory.

Additional Information

- Attendees will be entered to win door prizes.
- Kid friendly event with activities & snacks provided!

For more details regarding presenters & vendors and/or prizes contact Energy & Sustainability Coordinator Kimberly Darling at kdarling@town.falmouth.me.us
