

SOLAR OPEN HOUSE

JAN 18 2014 FROM 9:00 AM
UNTIL 10:30 AM
AT THE LOW RESIDENCE
243 LAKE STREET // AUBURN, MAINE

COME LEARN HOW SOLAR CAN WORK FOR YOU, THE HOMEOWNER! Join us for light refreshments and a tour of their recently installed solar hot water system and solar electric system which offsets approximately 10,651 pounds of carbon pollution each year! This is a great opportunity to get answers to questions regarding the cost of solar, available incentives, your return on investment, and how these systems operate in our Northeast climate.
