

Kalamazoo & Sebago, Too?

A tar sands oil spill could happen in the *more than twenty places* where the pipeline crosses or comes adjacent to rivers and wetlands in the **Sebago Lake** watershed.

Kalamazoo & Crooked, Too?

If the Kalamazoo River tar sands oil spill had happened on the Crooked River near Bolster's Mills, the *entire river to Sebago Lake would have been contaminated.*

Kalamazoo & Androscoggin, Too?

If the Kalamazoo River tar sands oil spill had happened on the **Androscoggin River** near West Bethel, the *river would have been contaminated well past Rumford.*
