

Efficiency Maine Saving Energy & Money

..in Piscataquis County

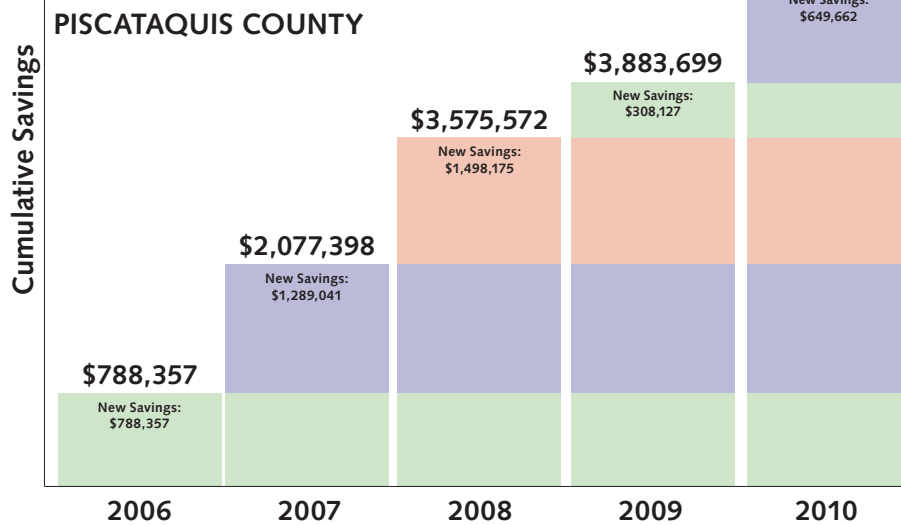

Efficiency Maine programs are helping Piscataquis County save energy and money while providing work to the existing energy efficiency sector. Efficiency Maine's three largest on-going programs are saving Piscataquis County businesses and families more than \$4.5 million from projects completed since 2006. Less than \$337,000 of Efficiency Maine incentives leveraged more than twice that amount (more than \$825,000) in private investment—which was redistributed throughout the Maine economy, including to other Piscataquis County businesses.

Piscataquis County Businesses Saving Money

Since 2006, more than 60 energy improvement projects have been completed by Piscataquis County businesses. These businesses have received more than \$303,000 in financial incentives and are saving nearly \$3.2 million over the life of the projects. These businesses are across Piscataquis County, and include:

Pleasant River Lumber Dover-Foxcroft
 True Textiles Guilford
 JSI Store Fixtures Milo
 Indian Hill Trading Post Greenville
 Sheldon Slate Products Company Monson
 Hardwood Products & Puritan Medical Products Guilford
 Palmer Lumber Company Sangerville
 Campbell Farms Atkinson
 Goulette's IGA Guilford
 Lumbra Hardwoods Milo

..in Maine

has saved Maine people and businesses \$487 million on their energy bills and leveraged more than \$86 million in private sector investments. By 2009, Efficiency Maine had saved as much total electricity as all Maine households use in a year. The programs help homeowners, businesses, towns, schools, hospitals, and others make wise, cost-effective investments in energy efficiency. Efficiency Maine programs save energy at a price of about 4 cents/kWh—less than half the cost of electricity, and include technical assistance, financial incentives, training, and quality assurance. In 2010, Efficiency Maine developed a three-year plan, with greater emphasis on heating fuels, which will save Mainers \$840 million and increase the state's GDP by \$1 billion. Efficiency Maine's efforts are one of the reasons why Maine's clean energy sector now employs over 4,000 people, and is growing more than seven times faster than the state's overall job growth.
