

Hydro-Quebec registered its PAC on November 20, 2019, with a Montreal, Quebec address. This registration violated Maine campaign finance laws because it occurred *after* the PAC had already spent \$100,000.

BOC Registration

Hydro-Quebec amended its PAC registration on January 22, 2020, with a Hartford, CT address, following media reports about the loophole in Maine law that enabled a foreign government-owned company (HQ) to establish a PAC for the purpose of opposing the Citizen-Initiated referendum to reject the NECEC (CMP Corridor) Project

# Views of Maine Voters Towards A Proposed CMP Transmission Line

March 2019

## Background & Methodology

---

- This document presents the results of a survey conducted by Critical Insights on behalf of the Natural Resources Council of Maine.
    - The purpose of the survey was to gauge views toward an electricity transmission corridor that Central Maine Power is proposing to build through western Maine in order to deliver energy from Canada to Massachusetts.
  - The survey was conducted by telephone between March 11 and March 27, 2019.
    - A total of 850 respondents took part in the survey.
    - Among these 850 respondents, a total of 299 are residents of Franklin County (124 respondents) or Somerset County (175 respondents), as these are the counties most directly impacted by the proposed transmission line.
  - In order to qualify for the survey, respondents were required to live in Maine and be registered to vote in the state.
    - The results of the statewide data presented in this report have a margin of sampling error of +/- 3.3 percentage points at the 95% confidence level.
    - Final data were statistically weighted to reflect the age, gender, and county populations of the state.
-

Residents of Franklin and Somerset Counties are particularly opposed to the CMP transmission line corridor – at least three out of four *strongly* oppose it in these counties.

### Top of Mind Position: With No Positive or Negative Information Provided

#### Franklin County

NET SUPPORT: 6%

NET OPPOSE: 90%

#### Somerset County

NET SUPPORT: 9%

NET OPPOSE: 83%

Among all (n=124)

Among all (n=175)

A majority of surveyed Mainers overall oppose building the CMP transmission line corridor, with half *strongly* opposing it.

Top of Mind Position: With No Positive or Negative Information in Question
