CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2023 and 2022

With Independent Auditor's Report

## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Natural Resources Council of Maine and Subsidiary

### **Opinion**

We have audited the accompanying consolidated financial statements of Natural Resources Council of Maine and Subsidiary (not-for-profit organizations), which comprise the consolidated statements of financial position as of March 31, 2023 and 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Natural Resources Council of Maine and Subsidiary as of March 31, 2023 and 2022, and the consolidated changes in their net assets and their cash flows for the years then ended in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

### ***Basis for Opinion***

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Natural Resources Council of Maine and Subsidiary and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Natural Resources Council of Maine and Subsidiary's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

### ***Auditor's Responsibilities for the Audit of the Consolidated Financial Statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

Board of Directors  
Natural Resources Council of Maine and Subsidiary

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Natural Resources Council of Maine and Subsidiary's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Natural Resources Council of Maine and Subsidiary's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

### Purpose of the Organization and Nature of Activities

The Natural Resources Council of Maine (NRCM) is a 501(c)(3) non-profit grassroots organization protecting, restoring, and conserving Maine's environment, now and for future generations. Founded in 1959 by a group of volunteers passionate about protecting the Allagash River from a proposed dam, NRCM serves more than 25,000 members and supporters. From NRCM's offices in Augusta, Maine, just steps from the Maine State House, NRCM works statewide and uses the power of science, citizen engagement, and the law to secure new safeguards for Maine's land, air, waters, and wildlife, and to defeat threats to existing environmental protections.

The Natural Resources Council of Maine Action Fund, Inc. (Action Fund), a 501(c)(4) organization, was formed in fiscal year 2018. The purpose of the Action Fund is to promote social welfare within the meaning of section 501(c)(4) of the Internal Revenue Code, including but not limited to: (1) building strong political support for protecting, restoring, and conserving Maine's environment, and (2) educating and mobilizing concerned citizens to directly advocate for decreasing air and climate-changing pollution; improving water quality; conserving Maine lands; and promoting sustainable communities.

NRCM is the sole member of the Action Fund. The Action Fund board of directors consists of six members, one of whom holds a seat on NRCM's board of directors (Board).

Below is an overview of NRCM's programs:

#### Climate and Clean Energy

Climate change is the most serious environmental threat of our time. NRCM advances policies that will improve Maine's air quality, reduce our dependence on fossil fuels, and curb global warming pollution. NRCM supports cleaner transportation options and federal, state, and local community initiatives that increase renewable energy, energy efficiency, and conservation to reduce pollution and energy costs.

#### Healthy Waters

Clean and healthy waterways are vital to Maine's environment, economy, and way of life. NRCM supports efforts—including innovative approaches that have become models worldwide—to restore Maine's river systems by addressing obsolete dams that adversely impact fish and wildlife habitat. NRCM works to protect the rivers, lakes, and streams that provide food for fish, birds, and wildlife, safe drinking water for communities, and sustain the fishing, paddling and other recreational businesses that help Maine's economy thrive.

#### Forests and Wildlife

Maine is home to the largest contiguous temperate broad-leaf forest in the world, supporting unparalleled habitat for many plants and animals, unique opportunities for recreation, and jobs in the forest products and tourism industries. NRCM works for increased public land acquisition and sustained funding for land conservation programs. NRCM also supports appropriately sized and located development and sustainable timber management practices that protect sensitive ecosystems, wildlife, and the outdoor recreation opportunities that are vital to Maine's economy.

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

### Sustainable Maine

NRCM advances policies and provides tools to Maine communities to reduce consumption of natural resources, decrease toxic and solid waste, increase recycling and composting, and discourage littering. NRCM supports resource management strategies that limit the amount of material that becomes waste and is landfilled in our state. NRCM is the go-to resource for Maine communities looking to adopt local sustainability policies and the leading advocate for progressive statewide waste reduction policies.

### Federal

Decisions made in Washington, D.C. can have lasting impacts on Maine's environment and the health and economic vitality of our communities. Maine's Congressional leaders rely on NRCM to identify and provide expert analysis of environmental policies under consideration at the federal level that could benefit or harm Maine. NRCM's relationships with these elected officials ensure they stand up for strong environmental safeguards and resist proposals to rollback effective protections.

### Outreach

Grassroots outreach is a central feature to NRCM's efforts to educate and engage people statewide with NRCM's mission. With a focus on residents aged 15-40s, NRCM offers a range of outdoor events, educational trainings, and social networking activities that ensure Maine's next generation of environmental leaders have the skills, relationships, and knowledge to appreciate and protect Maine's natural resources and communities for the future.

## 1. **Summary of Significant Accounting Policies**

### **Reporting Entity and Principles of Consolidation**

The consolidated financial statements include the accounts of NRCM and Action Fund (together, the Council). All material intercompany balances and transactions have been eliminated in consolidation.

### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

# NATURAL RESOURCES COUNCIL OF MAINE AND SUBSIDIARY

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

### **Basis of Presentation**

Net assets and revenues, expenses, gains, and losses are classified as follows, based on the existence or absence of donor-imposed restrictions as indicated below:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Council. These net assets may be used at the discretion of the Council's management and the Board.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Council or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

### **Income Taxes**

The Internal Revenue Service has determined that NRCM and Action Fund are exempt from taxation under Internal Revenue Code Section 501(c)(3) and 501(c)(4), respectively, and, accordingly, no provision for income taxes has been reflected in these consolidated financial statements.

### **Measure of Operations**

The consolidated statements of activities include net operating income (loss). Changes in net assets which are excluded from net operating income (loss) include net investment gain (loss) net of appropriations for operations, capital, and other non-operating projects, contributions (Board-designated), capital campaign activity, and changes in value and donation of gift annuities and gifts of future interests.

### **Cash on Deposit**

The Council maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Council has mitigated this risk through the use of an Insured Cash Sweep account which is designed to sweep funds in excess of the federally insured limits into secondary banks. The Council has not experienced any losses in such accounts. The Council believes it is not exposed to any significant risk with respect to these accounts.

### **Contributions and Grants Receivable**

Contributions and grants receivable are stated at the amount management expects to collect. NRCM considers these receivables to be fully collectible; accordingly, no allowance for doubtful accounts has been established.

# NATURAL RESOURCES COUNCIL OF MAINE AND SUBSIDIARY

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

### **Property and Equipment**

Purchased property and equipment are recorded at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as support with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, NRCM reports expirations of donor restrictions when the donated or acquired assets are placed in service. NRCM reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. Property and equipment are depreciated using the straight-line method over their estimated useful lives. It is NRCM's policy to capitalize assets with a cost exceeding \$1,000 and a useful life of more than one year.

### **Investments**

Investments are carried at fair value as described at Note 10. Fair values are based on quoted market prices, if available, or estimated using quoted market prices for similar securities. Debt securities are measured using significant unobservable inputs as described in Note 10.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect the amounts reported in the consolidated statements of financial position.

### **Contributions**

The Council reports contributions of cash or other assets, including unconditional promises to give, in the consolidated statements of activities when the cash, unconditional promise, or other assets are received. Unconditional promises to give are reported at their net realizable value. Significant noncash contributions are recorded at their fair value at the date of receipt.

The Council reports gifts of cash and other assets as support with donor restrictions if they are received with donor stipulations that limit use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

### **Donated Services**

The Council receives donated professional services, which require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The estimated fair value of the services is determined based on costs for comparable services and is recognized as revenue in the consolidated statements of activities. Donated services totaling \$78,568 and \$126,577 during the years ended March 31, 2023 and 2022 consisted of legal services in support of the clean air and energy, healthy waters and woods, wildlife and wilderness projects.

# NATURAL RESOURCES COUNCIL OF MAINE AND SUBSIDIARY

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

During 2023, the Council adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The amendments in this ASU require not-for-profit organizations to present contributions of nonfinancial assets separately from other contributions. Additionally, the ASU adds further disclosure requirements. There was no impact to the change in net assets as a result of this adoption.

### **Revenue Recognition - Grants**

The Council reports revenues from grants when conditions within the grant are met. Grants received are expended under the terms stated in the guidelines of the grant. Grant revenue earned but not yet received is recorded as grants receivable, and funds received but not yet earned are recorded as deferred revenue.

### **Functional Expenses**

The Council allocates its expenses on a functional basis among its various programs and other activities. Accordingly, certain overhead costs have been allocated among the programs and supporting services benefited. Management allocates these overhead costs based on hours employees spend on the respective program and supporting services.

### **Leases**

In June 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842), to increase transparency and comparability among companies by recognizing lease assets and lease liabilities in the balance sheet and disclosing key information about leasing arrangements. The adoption of this pronouncement and related guidance in the year ended March 31, 2023 did not have a material impact on the consolidated financial statements of the Council.

### **Subsequent Events**

For purposes of the preparation of these consolidated financial statements in conformity with U.S. GAAP, the Council has considered transactions or events occurring through July 19, 2023, which was the date that the consolidated financial statements were available to be issued.

# NATURAL RESOURCES COUNCIL OF MAINE AND SUBSIDIARY

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

### 2. Contributions and Grants Receivable

Contributions and grants receivable consist of unconditional promises to give toward the protecting the nature of Maine, Federal, Healthy Waters, and general operations and are expected to be received as follows:

	<u>2023</u>	<u>2022</u>
Within one year	\$ 170,457	\$ 195,563
Between one and five years	<u>46,298</u>	<u>146,861</u>
Total unconditional promises to give	216,755	342,424
Less discounts to net present value at 1.35%	<u>(10,220)</u>	<u>(10,220)</u>
	<u>\$ 206,535</u>	<u>\$ 332,204</u>

Unconditional promises to give which are expected to be received within one year are not discounted to present value as any discount would not be material.

### 3. Property and Equipment

Property and equipment consist of:

	<u>2023</u>	<u>2022</u>
Land	\$ 176,010	\$ 176,010
Building and improvements	936,515	920,274
Furniture and equipment	<u>219,686</u>	<u>200,846</u>
	1,332,211	1,297,130
Less accumulated depreciation	<u>1,037,657</u>	<u>1,001,141</u>
Net property and equipment	<u>\$ 294,554</u>	<u>\$ 295,989</u>

### 4. Gifts of Future Interests

NRCM is a remainder beneficiary of certain charitable remainder unitrusts.

NRCM was named in a trust whereby, upon the death of the survivor recipient, NRCM would receive all of the then principal and income of the trust. NRCM's interest in the principal of this split-interest agreement was reported based on the fair value of the underlying assets, and was \$333,194 in 2022. During the year ended March 31, 2023, the gift was received by the Council.

NRCM holds certain charitable gift annuity agreements. NRCM is to remit payments to the income beneficiaries in various installments for the remainder of the beneficiaries' lives. The present value of the annuity payment liability was \$135,692 and \$157,685 at March 31, 2023 and 2022, respectively.

# NATURAL RESOURCES COUNCIL OF MAINE AND SUBSIDIARY

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

During 2019, NRCM was notified of its remainder interest in a charitable remainder trust. The split-interest agreement was reported based on the fair value of the underlying trust assets, \$793,340 at March 31, 2021. During the year ended March 31, 2022, the trust was resolved in a non-judicial settlement that terminated interest payments to the life-time beneficiary and distributed \$713,602 to NRCM.

In addition to the trusts noted in the previous paragraphs, NRCM is a remainder beneficiary in an irrevocable trust for which the total market value of the trust could not be determined at March 31, 2023 or 2022. The trust shall terminate upon the last surviving recipient's death. Information necessary to calculate the present value of the estimated future benefits to be received when the trust assets are distributed is not available and therefore the trust is not included in the NRCM's financial statements.

### 5. Investments

Investments at March 31 consist of:

	<u>2023</u>	<u>2022</u>
Cash investments	\$ 868,687	\$ 1,250,219
Mutual funds		
Equity	1,479,591	4,827,090
Bonds	-	2,097,931
Exchange traded funds		
Equity	101,460	703,497
Fixed income	347,206	574,981
Real estate	5,981	7,801
Bond treasury bills	510,690	-
Common stocks	8,531,401	4,244,694
Fixed income	2,914,895	845,941
Other	134,759	60,561
Debt securities	400,000	400,000
Certificates of deposit	<u>-</u>	<u>500,000</u>
Total investments	<u>\$ 15,294,670</u>	<u>\$ 15,512,715</u>

NRCM adopted a policy to allocate for operations investment earnings on a total return basis up to 4.5% of the average fair value of the investments over the most recent twelve quarters, unless additional amounts are approved by and deemed prudent by the Board. Based on this calculation, the amount available to be drawn from project and endowment funds was \$455,375 and \$372,254 in 2023 and 2022, respectively. However, \$200,000 was appropriated in 2022 for use during future years. Interest and dividend income is included in net investment gain (loss) and presented net of investment fees of \$88,068 and \$56,721 for the years ended March 31, 2023 and 2022, respectively.

# NATURAL RESOURCES COUNCIL OF MAINE AND SUBSIDIARY

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

To better align NRCM's mission and values with its investments, the Finance Committee (Committee) has directed the investment managers to employ a socially responsible investment approach as much as possible without giving up material performance returns. The Board has approved a positive filter methodology, which selects companies that are exemplary leaders in their industries based upon specific, recognized environmental, social, and governance criteria.

The Board understands the relationship between investment reward and volatility, and accepts the primary use of common stocks or their proxy in the form of exchange traded funds or index funds to increase the probability of achieving long-term capital appreciation. Specifically, the Council's policy provides that the investment funds should typically have non-cash assets invested 60% to 70% in equity-type securities and a reasonable balance in fixed-income securities.

To mitigate risk, the Council's policy provides that the investment funds should be well diversified across asset classes, economic sectors, industry groups, and individual securities as allowed by the asset allocation guidelines. It is contemplated that the manager will include commitments to investment grade and high yield, or non-investment grade fixed income, international securities, real estate investment trusts, and other securities deemed necessary for added diversification and enhanced return potential.

Notwithstanding this policy regarding the investment of non-cash assets in equity securities, the Committee may authorize the investment manager to invest up to 10% of the portfolio funds in non-traditional asset classes when it is believed that such investments may provide an improved rate of return relative to equity risk, or that such investments may dampen the overall volatility of equity portfolio returns. Such investments may include, but are not limited to, investments in commodities, currencies, derivative contracts, precious metals, hedge funds, etc. so long as such investments are highly liquid, the value is readily determinable and the act of making such investments will not cause NRCM, its Board, officers, or agents to violate any applicable state and federal laws pertaining to the fiduciary duties of the Board with respect to such investments.

NRCM has interpreted the State of Maine Uniform Prudent Management of Institutional Funds Act (UPMIFA or the Act) as requiring the preservation of the contributed value of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, NRCM classifies as net assets with donor restrictions of perpetual duration (1) the original value of gifts donated to the permanent endowment, (2) the original value of subsequent gifts to the perpetual duration endowment, and (3) accumulations to the perpetual duration endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. If the donor-restricted endowment assets earn investment returns beyond these amounts, that excess is available for appropriation and, therefore, classified as net assets with donor restrictions until appropriated by the Board for expenditure. Funds designated by the Board for long-term investment are classified as net assets without donor restrictions.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires NRCM to retain as a fund of perpetual duration. NRCM has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures under the law, but has not elected to do so. There were no underwater funds as of March 31, 2023 and 2022.

**Notes to Consolidated Financial Statements**

**March 31, 2023 and 2022**

In addition to Board-designated investments and donor-restricted endowment investments, for 2023 and 2022, NRCM has invested donor restricted contributions for the citizen's engagement fund, tomorrow's leaders fund, and the Board-designated capital projects fund. These funds are presented separately as project funds in the following schedules of investment activity and investment composition by type of fund.

The investment net asset composition by type of fund as of March 31, 2023 is as follows:

## Notes to Consolidated Financial Statements

March 31, 2023 and 2022

### 8. Retirement Plan

NRCM may make a discretionary contribution of 5% of eligible employees' compensation to a 403(b) retirement plan as well as a discretionary 2% matching contribution. NRCM made both the contributions and match in 2023 and 2022. NRCM contributed a total of \$120,600 and \$116,627 during 2023 and 2022, respectively, to the plan.

### 9. Joint Costs

During the years ended March 31, 2023 and 2022, NRCM conducted activities that included requests for contributions as well as programmatic content. Those activities included direct mail campaigns, special events, and membership brochures. The costs of conducting those activities during 2023 and 2022 included a total of \$49,153 and \$31,701, respectively, of joint costs, which are not specifically attributable to particular components of the activities. These joint costs were allocated as follows:

	<u>2023</u>	<u>2022</u>
Development and fundraising	\$ 32,769	\$ 21,134
Communications and emerging issues	<u>16,384</u>	<u>10,567</u>
	<u>\$ 49,153</u>	<u>\$ 31,701</u>

### 10. Assets at Fair Value

FASB Accounting Standards Codification Topic 820, *Fair Value Measurement* (ASC Topic 820), defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Investments of the Council include debt securities which represent two investment notes totaling \$200,000 each as of March 31, 2023 and 2022. These debt securities are illiquid investments to be held to maturity. The investment notes carry interest rates of 2.5% and 3.25% and mature on February 28, 2027 and June 30, 2028, respectively. These debt securities were entered into during the year ended March 31, 2022 and are measured at fair value using significant other observable inputs that reflect NRCM's assumptions related to the collection of the investment note. Fixed income bonds are valued based on quoted prices for similar instruments.

During the year ended March 31, 2023, the Council voted to commit \$250,000 in an investment vehicle with limited liquidity for a period of time. The Council had not yet formally entered into the investment as of March 31, 2023.

Notes to Consolidated Financial Statements

March 31, 2023 and 2022

11. Liquidity and Availability of Financial Assets

The following table reflects the Council's financial assets as of March 31 available to meet cash needs for general expenditures within one year of the consolidated statement of financial position date.

	<u>2023</u>	<u>2022</u>
Cash	\$ 1,113,780	\$ 1,253,113
Accounts receivable	1,367	1,730
Grants receivable	<u>24,000</u>	<u>101,900</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 1,139,147</u>	<u>\$ 1,356,743</u>

The Council strives to maintain financial assets to meet 90 days of operating expenses, and maintain current assets less current liabilities at a minimum of 30 days of operating expenses. To help achieve these targets, the Council forecasts future cash flows and monitors its liquidity monthly and its reserves annually.

The Council has certain donor-restricted assets limited to use which are not available for general expenditure within one year in the normal course of operations. These assets are not available for general expenditure within the next year and are not reflected in the amounts above. The Council's governing Board has designated a portion of its unrestricted resources for long-term investment and other purposes. Those amounts are identified as board-designated and are invested for long-term appreciation and current income, but remain available and may be spent at the discretion of the Board.

12. Major Contributors

The Council received approximately 35% of support from two donors during the year ended March 31, 2022.
